# Finn's GOOEY BUBBLE Bites

These crispy cakes are delicious and fun to make! Why not make a batch and give them to friends and family in exchange for a donation into your Finn's Friends moneybox?

**Adult supervision needed. Please take care in the kitchen! Where you see this symbol (!) you need an adult to help you.**

## YOU WILL NEED

- 45g butter
- 300g marshmallows
- 150g crispy rice cereal
- Baking tray and baking paper, or cake cases
- Large mixing bowl.
- Large pan.
- Wooden spoon

You can make them extra special by dipping them in melted chocolate, or decorating them: Why not make some cute animal faces using sweets or coloured icing?

## METHOD

**Step 1:** Line the baking tray with baking paper.

**Step 2: (!)** Melt the butter in a large saucepan over a low heat.

**Step 3: (!)** Add the marshmallows and stir until they have melted. As soon as they have melted take the pan off the heat.

**Tip:** The melting happens very quickly, so keep a close watch.

**Step 4: (!)** Pour the melted mixture over the cereal and stir until the crispies are coated. Allow it to cool for at least 10 minutes.

**Step 5:** As it cools the mixture gets lovely and sticky. Spoon it into cases or roll it into balls. Leave them to set for at least 30 minutes.

**Step 6:** Decorate your bites

**And that's it! Your Goopy Bubble Bites are ready! Enjoy!**
